

**LISTING OF THE CLAIMS**

The following claim listing does not reflect any claim amendments, but is included herein for the Examiner's convenience.

**1-10. (Cancelled)**

11. **(Previously presented)** A conjugated vaccine comprising an antigen that has been conjugated to Fragment C,

wherein the Fragment C does not exist in the conjugate vaccine as part of a whole tetanus toxoid molecule, and

wherein the conjugate vaccine does not increase a patient's anti-tetanus titer response.

12. **(Original)** The conjugated vaccine according to claim 11, wherein the antigen is a capsular polysaccharide from a bacterium.

13. **(Original)** The conjugated vaccine according to claim 12, wherein the bacterium is selected from the group consisting of Meningococcus group A, B, C, Y, W135 and X; Streptococcus group A, B, and C; Pneumococcus types 1, 2, 3, 4, 6A, 6B, 9, 14, 18F, 19F and 23; Staphylococcus aureus types 5 and 8 and Haemophilus influenzae type b.

**14-15 (Cancelled)**

16. **(Previously presented)** The conjugate vaccine according to claim 11, wherein the Fragment C is obtained by recombinant expression.
17. **(Previously presented)** The conjugate vaccine according to claim 11, wherein the Fragment C is obtained from a tetanus toxoid molecule via digestion of the tetanus toxoid molecule by a protease.
18. **(Previously presented)** The conjugate vaccine according to claim 11, wherein the protease is papain.
19. **(Previously presented, Withdrawn)** The conjugate vaccine according to claim 13, wherein the bacterium is selected from the group consisting of Meningococcus group A, B, C, Y, W135 and X.
20. **(Previously presented)** The conjugate vaccine according to claim 13, wherein the bacterium is selected from the group consisting of Streptococcus group A, B, and C.
21. **(Previously presented, Withdrawn)** The conjugate vaccine according to claim 13, wherein the bacterium is selected from the group consisting of Pneumococcus types 1, 2, 3, 4, 6A, 6B, 9, 14, 18F, 19F and 23.

22. **(Previously presented, Withdrawn)** The conjugate vaccine according to claim 13, wherein the bacterium is selected from the group consisting of *Staphylococcus aureus* types 5 and 8.
23. **(Previously presented, Withdrawn)** The conjugate vaccine according to claim 13, wherein the bacterium is *Haemophilus influenzae* type b.
24. **(Previously presented, Withdrawn)** The conjugated vaccine according to claim 12, wherein the bacterium is selected from the group consisting of *Mycobacterium tuberculosis*; *Campylobacter* spp.; *Escherichia coli*; *Salmonella typhii*; *Vibrio cholerae*; *Shigella flexneri*; *Brucella* spp.; *Francisella tularensis*; and *Yersinia pestis*.
25. **(Previously presented, Withdrawn)** The conjugated vaccine according to claim 24, wherein the bacterium is *Mycobacterium tuberculosis*.
26. **(Previously presented, Withdrawn)** The conjugated vaccine according to claim 24, wherein the bacterium is *Escherichia coli*.
27. **(Previously presented, Withdrawn)** The conjugated vaccine according to claim 24, wherein the bacterium is *Salmonella typhii*.
28. **(Previously presented, Withdrawn)** The conjugated vaccine according to claim 24, wherein the bacterium is *Vibrio cholerae*.

29. **(Previously presented, Withdrawn)** The conjugated vaccine according to claim 24, wherein the bacterium is *Shigella flexneri*.
30. **(Previously presented, Withdrawn)** The conjugated vaccine according to claim 24, wherein the bacterium is *Brucella* spp.
31. **(Previously presented, Withdrawn)** The conjugated vaccine according to claim 24, wherein the bacterium is *Francicella tularensis*.
32. **Previously presented, Withdrawn)** The conjugated vaccine according to claim 24, wherein the bacterium is *Yersinia pestis*.
